

## 19<sup>th</sup> China Greenhouse Horticulture Industry Conference(2020)

18~21 Nov., Chongqing, China

**IF CHINESE MARKET IS YOUR WANT, YOU NEED TO BE HERE.**

### WHAT IS CGHIC 2020?

China Greenhouse & Horticulture Industry Conference (CGHIC) is held annually, which has become a platform for government, researchers, enterprises, growers and consumers. Broad discussion would be carried out on the development, the opportunity and the future of horticultural industry. It is held during November for most of time in each year. The coming conference is the 19<sup>th</sup> since 2002, sponsored by Richland Sources.

CGHIC provides the platform to promote industry development and prospect the future. New product and technology information will be showed out during CGHIC. By looking back on the industry development and exchange experience on the hot issues of this year, broad discussion would be carried out on the development, the opportunity and the future of horticultural industry.

CGHIC fully considers the features of various regions in China in selecting the venue of this annual event. CGHIC is devoted to the conclusion of achievements and development of facility horticulture industry through the past year, and prospect the future development. Therefore, CGHIC focus on technical update, managerial experience exchange, development & research result sharing, marketing analysis and industry policies learning etc. To sum up, CGHIC aims to promote the communication among all horticultural industry fields and the development of the industry.

### WHO TO ATTEND?

Attendees include government officials, academics, professors, enterprise, growers, etc.

CGHIC will enter into ChongQing this year to probe into the future development in China, and promote the modern agricultural development via this platform.
